Chariton Courier The Great Favorite Weekly, the only paper circulating in every part of the county.

Beware Of Peddlers

It is reported that there are men claiming to be agents for expensive account books for farmers which they sell at exorbitant prices and which they claim the government wishes the farmers to use. Look out for these fellows. The government has authorized no such thing and such men are just merely grafting peddlers. The income tax law makes it necessary that farmers and every body else keep some sort of an account of what they are doing and the Agricultural Extension Service of the College of Agriculture of M. U. has got up a suitable and inexpensive account book in which can be kept easily figures required by the income tax law. If you haven't such a thing write to the College of Agriculture of Columbia.

Our Line of Defense

It is a moment of tense nerves—ready to slip out of the trench at the word of command—and at the enemy. Our men on the firing line are physically fit for military service because only about one man out of five was chosen to endure the hardships of this fearful war. But we must not be content with 20 per cent. in physical health of our American youth. We cannot afford to lose four men out of five because of physical unfitness. Such weaknesses can be cured. Many times the kidneys are to blame.

If the kidneys are clogged with toxic poisons you suffer from stiffness in the knees in the morning on arising, your joints seem "rusty," you may have rheumatic pains, pain in the back, stiff neck, headaches, sometimes swollen feet, or neuralgic pain—all due to uric acid or toxic poisons stored in the blood and which should be swept out.

Then procure at your nearest drug store Anurie (double strength). The cost is 60 cents. This Anurie drives the uric acid out. Send Dr. V. M. Pierce of the Surgical Institute, Buffalo, N. L., 10c for trial package.

KANSAS CITY, Mo.—"For some time past I have been suffering with kidney trouble and rheumatism. It has been a great deal in the morning. It would ache as it was difficult for me to arise. The rheumatism seemed to be muscular as my muscles would be sore and stiff most of the time. I doctored for these ailments in vain without relief. Just a few weeks ago I saw Anurie advertised and knowing that Dr. Pierce's other medicines were good I got it at once. I have not finished the second bottle and my rheumatism has entirely left me and I am feeling better than I have for some time."

—J. H. BISHOP, 424 S. Lawrence

And when he saw what he had done,
He cursed with might and main
This rotten buick sticks right here,
With me, never again."

Mr. George Joseph was in town for a few minutes last Friday and said that he and all others in the Indian Grove neighborhood had a very successful harvest and prospects were good for an unusually good yield and quality of grain. Mr. Joseph is glad that his neighborhood escaped the typhoid epidemic.

Order Of Publication

State of Missouri, } ss
County of Chariton }

In the Circuit Court of Chariton County, Missouri, at Salisbury in vacation, to September Term, 1918.

Maggie Eckles and Calvin E. Eckles, ----- Plaintiffs
VS.

Stephen Eckles, Emma Brill, William Eckles, J. R. Clark, The St. Louis Union Trust Company, of St. Louis, Missouri; The Union Central Life Insurance Company, of Cincinnati, Ohio, Defendants.

At this day come the Plaintiffs herein, by their Attorney and file their petition alleging, among other things, that Defendants, Stephen Eckles, Emma Brill and J. R. Clark, are non-residents of the State of Missouri; and that the defendant, The Union Central Life Insurance Company, of Cincinnati, Ohio, is a Corporation of another state and cannot be served in this state in the manner prescribed by Article 4, of Chapter 21, of the Revised Statutes of Missouri, 1909.

Whereupon it is ordered by the undersigned clerk in vacation that said Defendants be notified by publication, that Plaintiffs have commenced a suit against them in this court, the object and general nature of which is to obtain a judgment and decree of this court for the partition of that part of the Northeast quarter of Section Sixteen (16), that lies West of right-of-way of the Wabash railroad; and all of the South half of the Northwest quarter of said Section Sixteen (16); and all being in Township Fifty-six (56) Range Twenty-one (21), Chariton County, Missouri; and that unless the said non-resident defendants, be and appear at this Court at the next term thereof, to be begun and holden at the Courthouse in the City of Salisbury, in said County, on the 16th day of September next, and on or before the first day of said term, answer or plead to the petition in said cause, the same will be taken as confessed, and judgment will be rendered accordingly.

And it is further ordered, that a copy hereof be published in the Chariton Courier, a newspaper published in this county and published at least once a week for 4 weeks successively, the last insertion to be at least 30 days before the first day of said term of court.

This June 13, 1918.

W. G. Wright, Clerk.

A true copy from the record: Witness my hand and the seal of the Circuit Court of Chariton County, this 13th day of June, 1918.

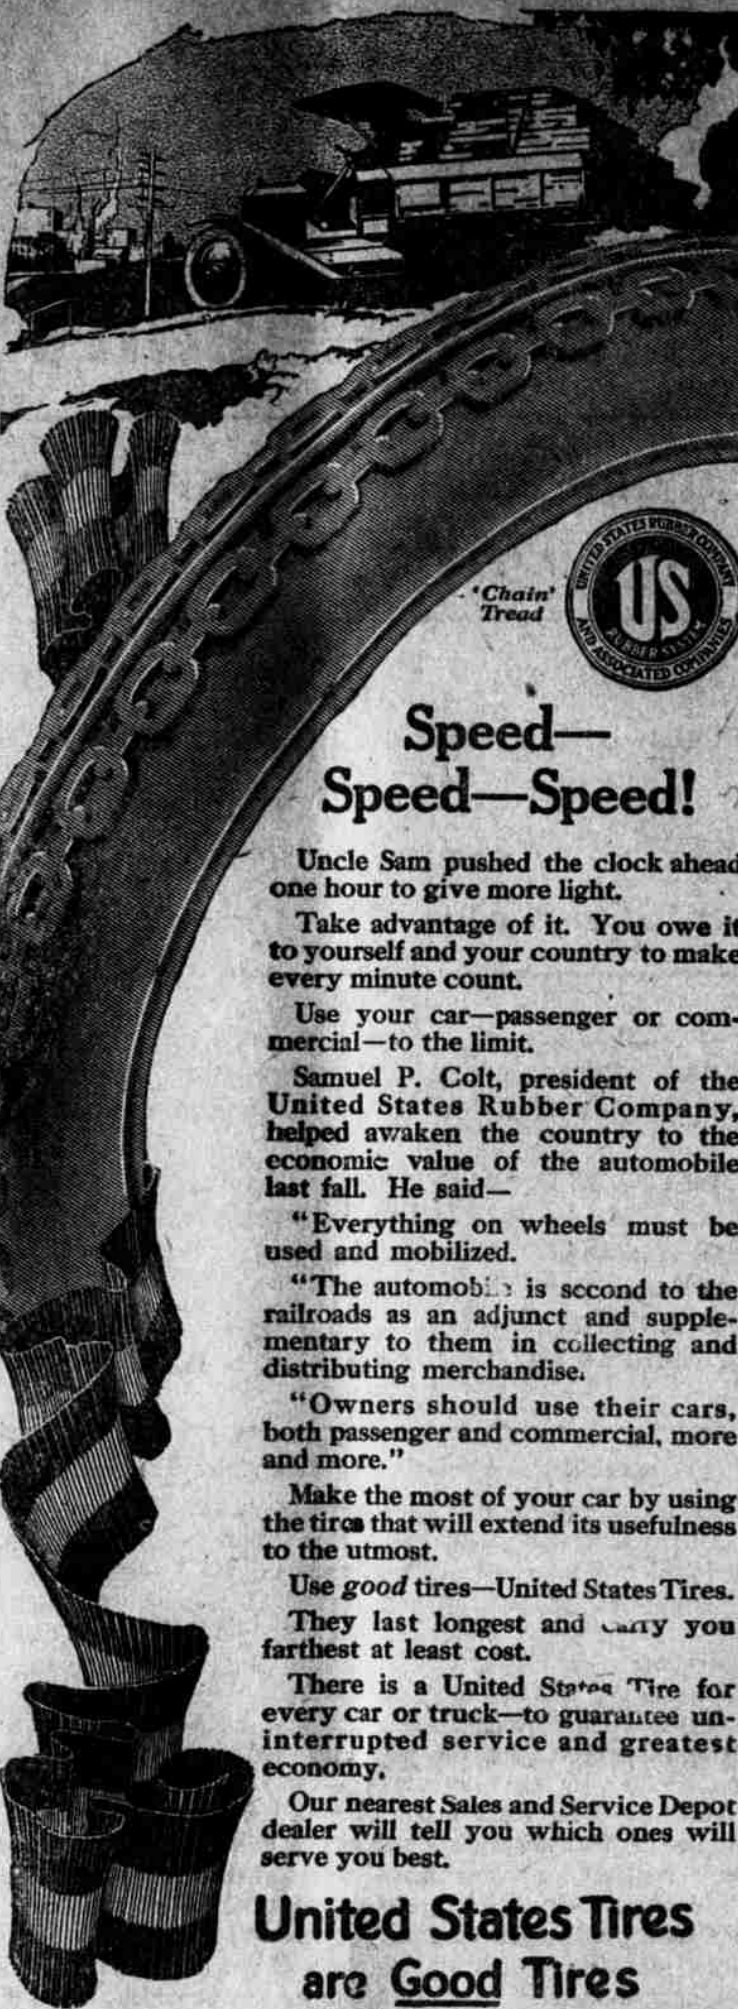

(SEAL) W. G. Wright,
21-24 Circuit Clerk.

10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascares. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep.

Speed— Speed—Speed!

Uncle Sam pushed the clock ahead one hour to give more light.

Take advantage of it. You owe it to yourself and your country to make every minute count.

Use your car—passenger or commercial—to the limit.

Samuel P. Colt, president of the United States Rubber Company, helped awaken the country to the economic value of the automobile last fall. He said—

"Everything on wheels must be used and mobilized.

"The automobile is second to the railroads as an adjunct and supplementary to them in collecting and distributing merchandise.

"Owners should use their cars, both passenger and commercial, more and more."

Make the most of your car by using the tires that will extend its usefulness to the utmost.

Use good tires—United States Tires. They last longest and carry you farthest at least cost.

There is a United States Tire for every car or truck—to guarantee uninterrupted service and greatest economy.

Our nearest Sales and Service Depot dealer will tell you which ones will serve you best.

United States Tires are Good Tires

Domestic Economy

If there are two branches which should be taught in our public and high schools consolidated schools and all other schools and at home they are domestic science and manual training. There is not a school in this county which has more than a pretense of either of these branches, we are sorry to say but each of the high schools has a number of branches which could be profitably dispensed with at any time but more particularly at this time. Has the school trust M. U. at the head no intention whatever of teaching the really valuable branches such as spelling, reading, writing and arithmetic, domestic science and manual training, but whether it has or not it should be busted with out delay. In an article in a clip sheet issued by the board of temperance prohibition and public morals in an article, "The Drive for War Prohibition," Clarence True Wilson asks the question, "what if we are defying God in contending against the inevitable coming of war time prohibition," and proceeds to answer it in a way that should be most encouraging to anti-prohibitionists. Here is a sample paragraph, "What if, as in the case with Lincoln, God would with hold victory from our troops as He did those of the federal troops while we had any complicity with slavery until Lincoln upon his knees promised the Almighty that if he would drive the confederate army out of Pennsylvania He would prevent slavery and after that was done came the culmination that keeps old glory's stainless stars flying in the heavens."

That is to say if Pres. Wilson does not on his bended knees promise Jehovah that he will abolish from not only all the people but the army and the navy while fighting or at home in peace all alcoholic liquors we can hope for no victory. The appeal to ignorance and superstition seems not to have lessened.

Men Teach Canning

In addition to the 600 men leaders of boys and girls clubs there are many county agricultural agents who have learned how to demonstrate canning and take great interest in the work throughout their counties.

Be it said to the credit of the men that many of them have become experts and give some sort of extra stir, additional spice or a modicum more or less of hop or in some other mysterious manner give preserves and air tight fruits a flavor, appearance and seductiveness which but few women have the knack of. But of course it was ordained from the first that men should beat women at whatever they undertake.

The people in Idaho are reported to have consumed thousands of bushels more potatoes than ever before in the history of the state. One grocer reports his sales alone were 10,000 lbs. more than ever before. The home demonstration agent got up a contest among potato eaters and a number of others became competitors. Potatoes sold last week at 65c per hundred pounds so the increase in consumption had the record of reducing the price to 35c a hundred pounds.

Tornado In Sullivan

Monday the 24th the tornado in Sullivan County Mo., was not only destructive of property but of life, six being killed and twelve severely injured. The storm came up about 6 o'clock in the afternoon and swept over the richest part of the county, blowing down houses and barns, seven houses and fifteen barns lost and stripping corn of blades and flattening it and tearing weeds and grass from the ground. It was a funnel shaped cloud which is said to have formed in Mercer County injuring four before it reached Sullivan. Hundreds escaped by taking to their caves. Upon leaving Sullivan County the cloud divided and the portion which did the damage in Sullivan travelled about 20 miles in the air before descending but kicked up such a rumpus that people concerned in advance of its approach were warned. The direction of the cloud was changed several times and there is little doubt but what the blow that we heard between 7 and 8 o'clock was the fag end of the tornado.

There was a man in our town,
And he was wondrous wise,
He ran his car into the mud,
And most up to his eyes.
